– Krister Bagnkop, Frederikshavn, Denmark

Why CSUN?

CSUN is one of the largest public universities in California, serving more than 40,000 students each year. CSUN has students that come from more than 90 countries and has decades of experience hosting international students. In 2013–2014, *Open Doors* ranked CSUN #1 among master's universities in the U.S. in terms of the number of international students enrolled. Semester at CSUN students are given full access to campus facilities and services including: the fitness center, health center, library, tutoring services, student clubs and intramural sports.

What is Semester at CSUN?

Semester at CSUN (SAC) is a study abroad program that enables international students to enroll for one semester or one year. In all classes, SAC students are integrated with degree-seeking students.

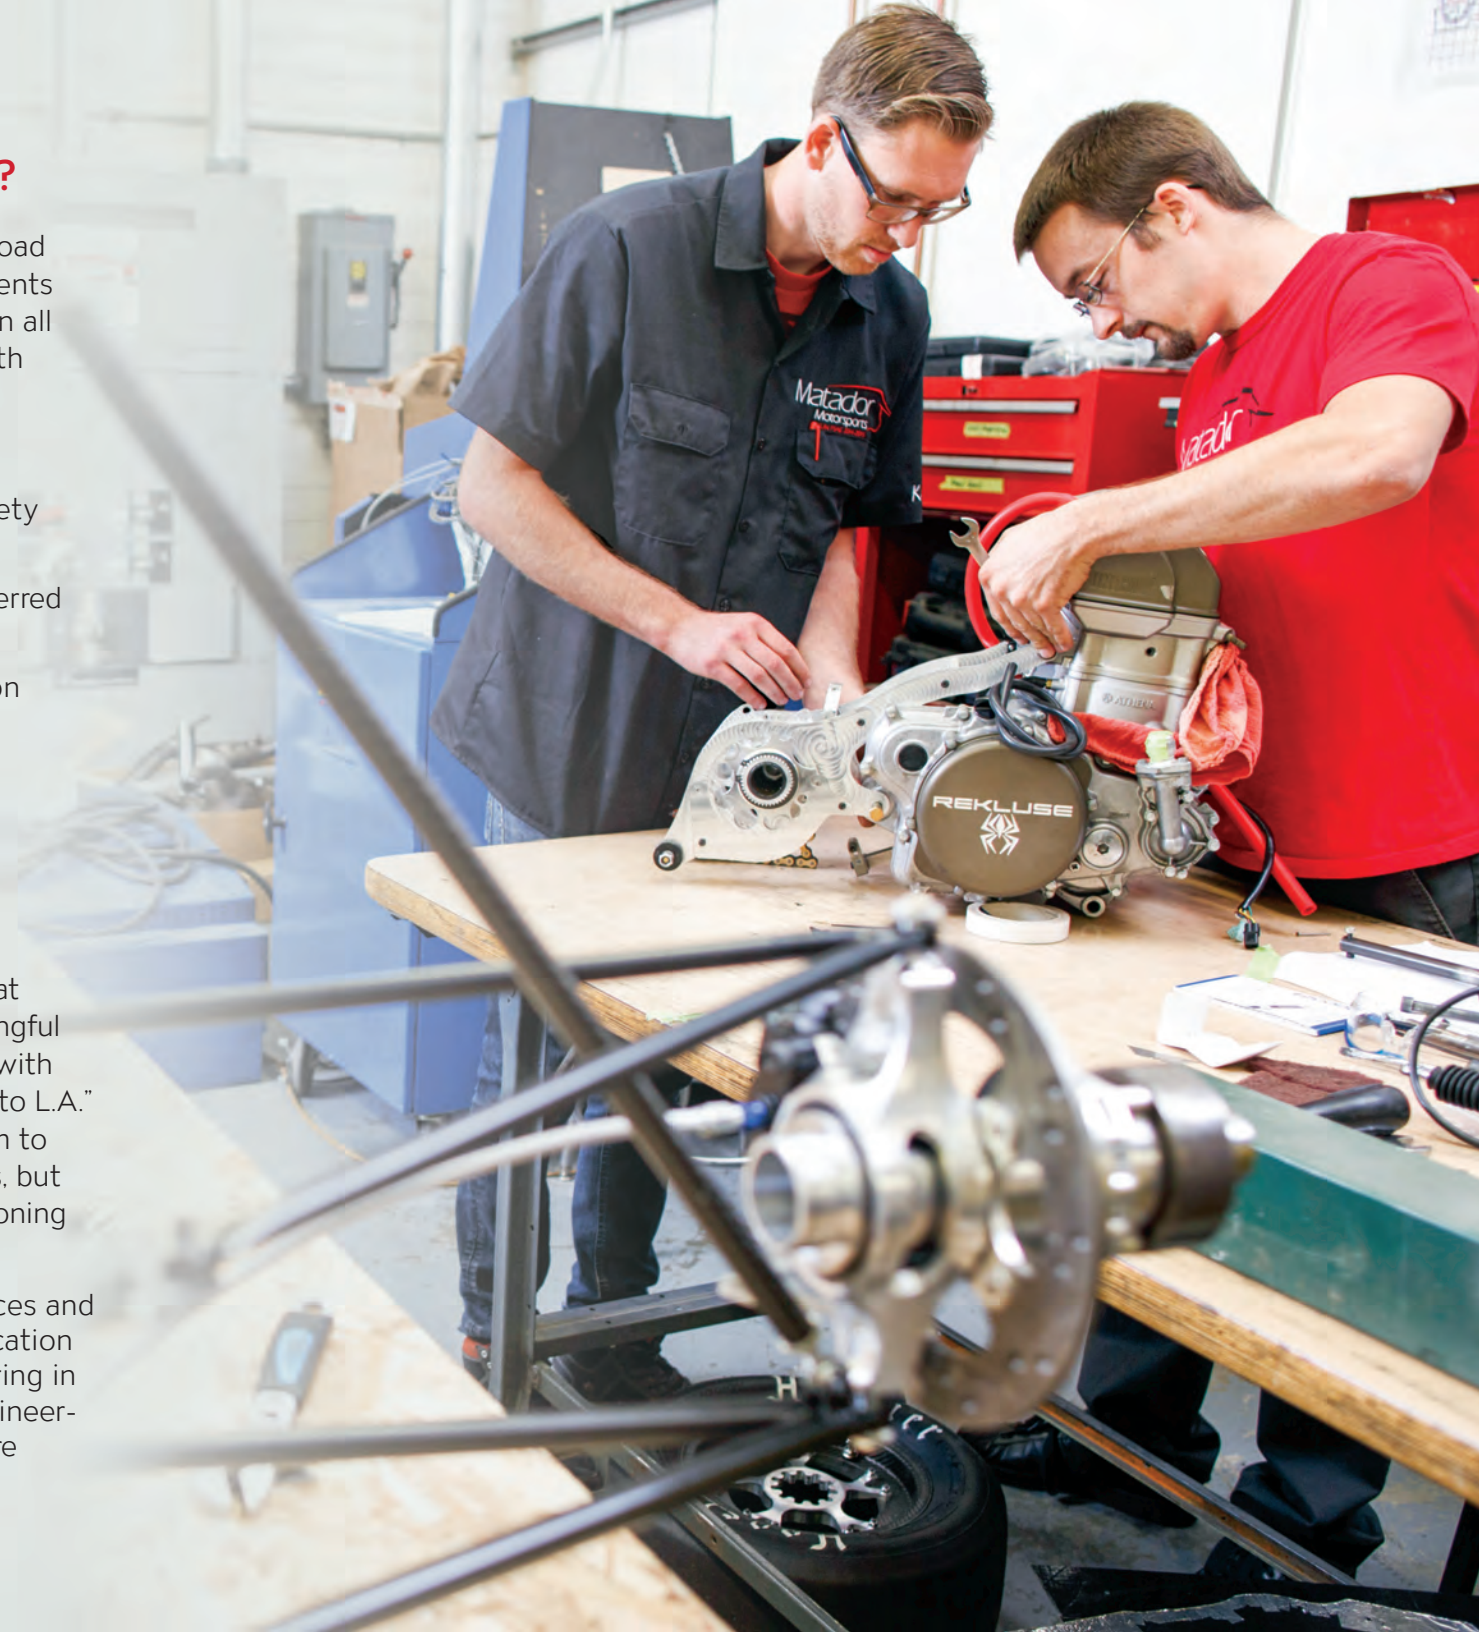

Semester at CSUN provides:

- » Access to university classes in a variety of departments
- » Academic credits that may be transferred to your home university
- » Academic advisement and registration assistance
- » An official university transcript

Student Support

The SAC program focuses on personal attention to help each student succeed at CSUN and have a memorable and meaningful semester abroad. Each semester begins with an orientation program and a “Welcome to L.A.” tour. Students can rely on an expert team to provide guidance, not only on academics, but also on campus life, local events, transitioning to a new city and exploring America.

The university offers free tutoring services and training resources on writing, communication and conversation, subject-specific tutoring in business, mathematics, science and engineering, and resume writing – all of which are available to SAC students.

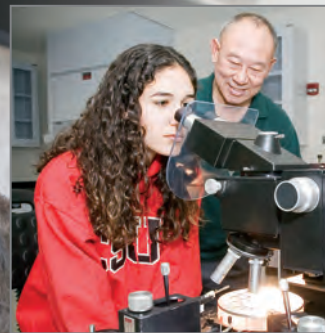

Academics

CSUN offers bachelor's, master's and doctoral degrees in more than 200 fields and is accredited by the Western Association of Schools and Colleges (WASC). A full list of accreditations can be found at www.csun.edu/catalog/about/accreditation.

Housing and Transportation

Housing

Northridge is a “university town,” with many shops and restaurants within walking distance of campus. Many students live on campus in furnished, apartment-style units within a secure, gated environment. The student housing area includes laundry rooms, swimming pools, sports courts, a satellite student services office, a coffee shop and lounge areas for relaxing and studying. International student housing is available for SAC students on a first-come, first-served basis.

Transportation

CSUN is a short drive from the bright lights of Hollywood, Southern California’s world-famous beaches and many other popular attractions.

» Public Transportation

The campus is served by Metro bus lines and offers a free shuttle to connect to the nearest Metrolink train station. Students can travel to virtually any destination in the Los Angeles Metro-Rail system — and beyond.

» Short-Term Car Rental: Zipcar®

Zipcar® is a program that enables CSUN students to rent a car for as little as one hour or as much as seven days at a time. Zipcar® vehicles are conveniently parked in two locations on campus — near the University Student Union and in the student housing area.
