I-20s are endorsed for travel only for students who are currently eligible to continue their studies AND are in status in SEVIS.

When your I-20 is endorsed for reentry into the United States it is NOT a guarantee that you will be eligible to continue in the program upon your return. I-20s are endorsed for travel when a student is in SEVIS status and appears to be eligible to continue in his or her program AT THE TIME OF THE REQUEST. If you become ineligible to continue in your program (due to academics, SEVIS status changes, or any other reason), you should NOT reenter the U.S. YOU are responsible for knowing your academic status. Consult with your academic advisor if you are unsure of your eligibility to return to continue your studies.

I have read and understand the above. _____
